Hi Praga,
As you are already aware, that I have been in a lot of dilemma over the last couple of weeks, on exiting from the firm. However after giving it multiple thoughts, I have been constrained to continue with my resignation that I tendered on 8th June, and I am requesting you to kindly release me from the firm. I deeply regret this saying and express my wholehearted gratitude and thank you, [@Ragu Rajaram](#) and all the leaders for having supported, guided, cooperated and helped me have a strong foundation for my career for the last couple of years.
I would like to bring it to your notice from the below attached mail, as the Release 0 of my project BHF, which I am currently part of is coming to an end in the Mid of August, the onsite manager is comfortable with my release from the firm as per the earlier approved last working date that is 4th Of September, provided I transition the project and give the handover and the knowledge transfers of the part of the project in which I was involved. I assure you that I will make sure there is a smooth transition of the project from my end and make sure there is a minimal Impact and no conflicts whatsoever. I would like you please take this into consideration and confirm me on the last working day with the firm.
I owe a lot to the firm and the stakeholders who have made my experience in EY truly an exception one. I would again like to apologize to you for all the inconveniences that I caused to you and the firm due to my decision. I thank you and all the leaders again for having given me such a great opportunity to work as well as learn

Thanks,
Harshit
